The steamer E J. Tull left yesterday for Nomini. She was unable to enter Occoquan bay, where she usually goes, on account of the ice.

Advices from the lower river report the ice in the creeks as still offering a sufficient barrier to keep river craft from forcing their way into the river.

The schooner Shining Light, Captain Keith Davis, was cut through by the ice in Lawer Machodoc on Christmas Day, and had to be taken into Great Yeocomic for repairs.

The ice in Currioman still keeps num

SLOT MACHINES,-It is said that the present year will witness the end of slot mechines in Alexandris. The fad has word off and people who were wont to feed them with nickels have had their attention drawn to other diversions. Saloon keepers and others who have tol-erated the devices say the income from them will not justify them in paying the license tax. When first exposed there was a veritable rain of five-cent brooke, pastor of the Second Presbypleces into them, but as time went on and the number of "strikes" grew beau tifully less their former p-trons realized that it was far more satisfactory to keep nickels in their pockets than to see them disappear forever while the machines were emitting dolefu! music into the ears of the depositors,

BUILDING ASSOCIATION MEETINGS. The annual meeting of the stockholders of the German Co-operative Building Association was held last night at their office, 313 King street. The financial report of the association was read and accepted. It will appear in the Gazette tomorrow evening. The fol-lowing officers were elected: I-saso Ecoberg, president; Justus Schneider, secretary; E. E. Downham and John T. Nalls, directors for three years, and Messes. Joseph Kaufmann, Henry

Bander and John D. Normoyle, trustees.
The annual meeting of Mechanics
Bailding Association, Nos. 2, 3, 4 and

NARROW ESCAPE .- Mr. Raymond Hu fish, of this city, traveling salesman for Messrs Charles King & Son, had a narrow escape from being drowned in the Rappahannock river near Remingtoo last Wednesday evening. Mr. Hulfish attempted to ford the river, which was considerably swoolen, in a two-horse buggy and the horses and vehicle were carried down the river for some distance. Mr. Hulfish managed to get on the bick of one of the horses and thus saved himself from being drowned. THE GAZETTE .- Oa January 1st our old esteemed contemporary, the Alex-andria Gazette, celebrated its one hur-dred and second birthday. We know dred and second birthday. We know of no other paper in the State that has reached this ripe old age. But while the Gazette is over a century old, it is still young and bright and vigorous in thought, and no daily in Virginia is more highly prized on the exchange table, because it presents all the news in convenient form for the hungry country editor, who knows what he country editor, who knows what he wants, yet is too lazy to boil it down himself. And what is good for the country editor is good for the professional and busy man who has no time to wade through a column to get an item that may be embraced in a paragraph an ioch long. With the editorial of the Gazette we do not always agrebut we must at all times admire its frankness. We wish it many more years of usefulness .- [Leesburg Mirror.

Mr. Watson laid down the proposi tion that the main question to be decided was the political rights of the negro race. The battle for white manbood suffrage, he said, had been fought and won. He declared that illiteracy among negroes was decreasing faster than among the

TROLLEYS TO MT. SINAL -Cleveland and Chicago capitalists, incorporated as the Gieveland Construction Company, have been successful in negotiating with Signor J. F.
Spanier, of Rome, Italy, for concessions for
electric lines from Cairo, Egypt, to Mount

go, will pay a handaome profit on the cost of
construction, the number of pilgrimages
being enormous. Letters received from Signor spanier say that the Sultan of Turkey
has granted an important part of the concessions for the system. Already trolley cars
